No. 9

Introduced by Senators Dutton and Runner
(Coauthor: Senator Walters)
(Coauthor: Assembly Member Anderson)

February 24, 2010

An act to amend Sections 17052.12 and 23609 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

LEGISLATIVE COUNSEL'S DIGEST

SB 9, as amended, Dutton. Income and corporation tax credits: research and development.

The Personal Income Tax Law and the Corporation Tax Law, by reference to a specified federal statute, allow a credit against taxes imposed by those laws for increasing research expenses, as defined. In general, the amount of the credit under both laws is equal to 15% of the excess of the qualified research expenses, as defined, for the taxable year over the base amount, as defined, and, in addition, for purposes of the Corporation Tax Law, 24% of the basic research payments, as defined. The term “base amount” means the product of the average annual gross receipts of the taxpayer for each of the specified years preceding the taxable year and the fixed-base percentage, as defined, but in no event less than 50% of the qualified research expenses for the taxable year. A taxpayer may elect an alternative ~~incremental~~ *simplified* credit for increasing research expenses ~~in modified conformity to~~ *under* federal income tax laws.

This bill would increase the credit for increasing research expenses to 20% of the excess of the qualified research expenses over the base amount. This bill would also provide complete conformity to the alternative-incremental *simplified* credit provided under those federal income tax laws.

This bill would take effect immediately as a tax levy.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
